

About Us

NT Sports and Playground Surfacing is proudly owned and operated in both the Northern Territory and Western Australia. We have grown into a leading supplier of playground, softfall, rubber and synthetic grass products.

Currently employing 15 staff, we comply with all WA and Northern Territory Occupational Health and Safety Regulations and hold \$20 million product and public liability policies. All staff involved with our installation work have 'Working with Children' checks and carry appropriate Construction Safety Awareness (CSA) Certification.

From small domestic jobs to large commercial projects, NT Sports and Playground Surfacing have complete packages from all site works and construction, to supply only and are able to provide a solution for your budget.

Our Mission:

"To supply the highest quality products that are suitable for all Australian conditions and environments".

NT Sports and Playground Surfacing supply premium softfall rubber products comply with AS/NZ 4422:1996 standards, are listed with the NT ICN and are CAL accredited.

With a variety of products to meet client requests, NT Sports and Playground Surfacing can deliver exactly what you want. To complement our playground safety surfacing, we also offer a range of playground equipment, shade sails and structures.
